

## **PGY1 Course Description**

### **Learning Experience Title: Ambulatory Care LW**

#### **Preceptor:**

Name: Jennifer Santee

Address: 7900 Lee's Summit Road, Kansas City, MO, 64139

Phone: 816-404-9037

Pager: 816-520-8391 (cell phone)

Email: santeej@umkc.edu

#### **Description:**

A pharmacist in this role will be introduced to various outpatient clinics. The role of the ambulatory care pharmacist includes identifying patients scheduled for physician visits who may benefit from pharmacy input, collecting patient information from the electronic medical record, interviewing patients, counseling patients, and providing recommendations to physicians. During the rotation, residents will begin to develop their pharmacotherapeutic skills, broaden their knowledge base, and serve as a clinical resource for the physicians and nurses. Residents may also have the opportunity to precept pharmacy students.

#### **Learning Experience Responsibilities:**

- Identify patients scheduled for physician visits who may benefit from pharmacy input
- Collect patient information from the electronic medical record
- Interview and counsel patients
- Develop evidence based drug therapy recommendations, monitoring plans, and information
- Provide timely, evidence based drug therapy recommendations, monitoring plans, and information to physicians and nurses
- Participate in and/or lead topic discussions with preceptor
- Supervise IPPE/APPE students
- Complete other duties as assigned by preceptor

#### **Disease States:**

Disease states commonly encountered during this experience that the resident will be expected to review, discuss, and apply include but are not limited to:

- Diabetes
- Hypertension
- Asthma
- Obesity
- COPD
- Lipid disorders
- Anticoagulation

- Psoriasis
- Atopic dermatitis
- Acne
- Infectious diseases

**Learning Experience Activities:**

Activity	Objectives Covered
Identify patients scheduled for physician visits who may benefit from pharmacy input	R.1.1.4
Collect patient information from the electronic medical record	R.1.1.3
Interview and counsel patients	R.1.1.2
Develop evidence based drug therapy recommendations, monitoring plans, and information	R.1.1.5
Provide drug therapy recommendations, monitoring plans, and information to physicians and nurses	R.1.1.1
Lead topic discussions with preceptor	R.4.1.2
Supervise IPPE/APPE students	R4.2.2

**Objectives selected to be evaluated during learning experience:**

Resident will be evaluated on all objectives listed above

**Requirements of Learning Experience:**

Expected hours: 08:00 – 17:00 (times may vary depending on service requirements)

Required presentations: Lead topic discussion with preceptor

Required readings: none

Preceptor interaction: direct supervision until resident demonstrates proficiency, then daily brief meetings to discuss activities; more formal evaluations given at midpoint and at the end of the rotation

Communication: by phone, email, and in person

Expected progression of resident on this learning experience: Resident should be able to work independently in patient care areas by the end of the first week. Resident should be able to lead a topic discussion on their own by the third week.

**Method of Evaluation:**

Evaluation of the resident will be based on the ASHP activity learning experiences listed above. Each learning activity has a corresponding code following the experience which corresponds to the activity learning experience listed in PharmAcademic®. During the

orientation to the learning experience, the preceptor and the resident will review all the material contained in this learning experience description and sign a copy to be retained in the residents file.

The preceptor will provide feedback verbally (formative) throughout the course of the learning experience and electronically (summative) via PharmAcademic® at the conclusion of the experience. Once the resident is finished with all of the requirements for the experience, the preceptor and the resident will discuss the learning experience as a whole both formally and informally. The resident will also be responsible for providing both formative and summative feedback at the conclusion of the experience. All evaluations must be submitted by the conclusion of the learning experience.

*I have read and acknowledged the responsibilities of the learning experience.*
