

PGY1 Course Description

Learning Experience Title: Pharmacy Practice Management-Medication Assistance and 340B Program

Preceptor:

Name: K. Scott Zweerink, R.Ph
Address: 2301 Holmes St, KC Mo 64108
Phone: 816-404-4223
Pager: 816-374-8239
Email: Kenneth.Zweerink@tmcmcd.org

Description:

Pharmacy practice management-Medication Assistance Programs and 340B Program Operations and Compliance are required components the longitudinal learning experience for PGY1 residents at TMC. The learning experience fosters understanding of management, administrative and leadership principles within a teaching and research- oriented hospital and health system. During this learning experience the resident will become familiar with and receive a broad overview of program(s) impact on health system pharmacy practice and management/leadership with the pharmacy department. The focus of the learning experience includes program management, operational and compliance requirement and health system program impact. The pharmacist in this role will oversee all activities related to the Medication Assistance Programs and 340B Program operations and compliance.

Learning Experience Responsibilities:

- Review / discuss compliance with regulatory bodies (e.g. HRSA/OPA)
- Understanding of programs operations.
- Comprehension on program compliance requirements.
- Assessment of programs organizational impact.
- Application of programs related to patient care.

Learning Experience Activities:

Activity	Covered Objectives

Summarizes medication assistance program and impact on organization and patients.	R 3.2.2

Objectives selected to be evaluated during learning experience:

R3.1.1: (Applying) Demonstrate personal, interpersonal, and teamwork skills critical for effective leadership.

R 3.2.1 (Understanding) Explain factors that influence departmental planning.

R 3.2.2 (Understanding) Explain the elements of the pharmacy enterprise and their relationship to the healthcare system.

Expected hours:

As assigned. Time management is essential.

Required presentations:

As assigned

Required readings:

Preceptor interaction will be through face to face meetings and discussion sessions.

Preceptor interaction:

Communication:

Communication will be through face to face discussions and e-mail correspondence

Method of Evaluation:

Evaluation of the resident will be based on the ASHP activity and learning experiences listed above. Each learning activity has a corresponding code following the experience which corresponds to the activity learning experience listed in PharmAcademic®. During the orientation to the learning experience, the preceptor and the resident will review all the material contained in this learning experience description and sign a copy to be retained in the residents file.

The preceptor will provide feedback verbally (formative) throughout the course of the learning experience and electronically (summative) via PharmAcademic® quarterly. Once the resident is finished with all of the requirements for the experience, the preceptor and the resident will discuss the learning experience as a whole both formally and informally. The resident will also be responsible for providing both formative and summative feedback at the conclusion of the experience. All evaluations must be submitted by the conclusion of the learning experience.

I have read and acknowledged the responsibilities of the learning experience.
